

ISO 9001 CERTIFIED COMPANY

Oil Supplement

Part #: 44201

946 mL (32 fl oz)

Heavy Duty Oil Supplement

Hy-per Lube® by Rislone® is a 100% petroleum oil performance booster that has been formulated with premium base oils and petroleum-extracted additives. Hy-per Lube responds to various and changing demands of all engines, differentials and gear boxes, regardless if old or new. Works with all lubricants including petroleum & synthetic engine oil, ATF and gear oil. Use in Petrol & Diesel Cars, Trucks, Utes, Semis & Tractors for Automotive, Industrial, Construction, Heavy Duty and Racing. High performance protection for everyday driving. Making new and high-kilometer engines run better and last longer for over 50 years. Turns petroleum and synthetic oils into a hyper-performance lubricant.

- Extends Engine Life
- Eliminates Dry Starts
- Prevents Oil Breakdown
- Reduces Friction & Wear

Don't Just Stabilize Your Oil...Improve It 5 Ways with Hy-per Lube

1. Increases Film Strength: Over 75% of internal wear occurs during the first few seconds of engine startup. Hy-per Lube Oil Supplement leaves a protective film that will not run off of all internal parts including cylinders and gears, providing complete protection against start-up wear.

2. Lowers Temperature: All lubricants can foam. Foaming restricts the oil's ability to dissipate heat which increases operating temperature leading to premature wear. Hy-per Lube's anti-foam capability reduces foam, helps extend engine life, and lowers operating temperature.

3. Prevents Thermal Breakdown: High performance additives ensure against viscosity and thermal breakdown. Hy-per Lube's 100% petroleum-based formula provides protection between oil changes and can extend oil life by up to 50%.

4. Reduces Friction: Friction modifiers increase engine lubrication in new and old engines. Reduced friction extends engine life, provides more power and can increase fuel economy. This is a benefit for new and old engines, and will not void any warranty.

5. Quiets Noise: Heavy duty extreme pressure additives greatly enhance oil's ability to cushion and absorb mechanical shock. In older, worn, engines Hy-per Lube also increases oil pressure to reduce lifter & valve ticking, knocks and other noises.

Instructions For Use

Add Hy-per Lube Oil Supplement to your favorite brand of oil at or between each oil change.

- Petrol Engines—Replace .9 Liter of oil with .9 Liter of Hy-per Lube in 4 to 6 Liter systems. Larger systems use 20% by volume. (Up to 2 Liters in worn high kilometer engines)
- Diesel Engine—10% by volume
- Manual Transmissions—20% to 40%
- Differentials—20% to 40%
- Gear Boxes—20% to 40%
- Assembly Lube—100% Hy-per Lube
