Rislone Octane Booster

Part #: 4747

## SUPER CONCENTRATED OCTANE BOOSTER

Rislone Super Concentrated Octane Booster increases octane rating to stop engine hesitation and knock & ping, while also increasing power & performance. Street legal formula works equally well on classic muscle cars, newer smaller harder working engines, off road and racing applications. Increased octane allows the engine to run optimum spark timing which not only creates more power, but in many engines reduces emissions and increases fuel mileage.

- Contains the highest concentrate of MMT Methylcyclopentadienyl Manganese Tricarbonyl allowed for street use.
- Restores lost horsepower and performance.
- Antiknock formulation stops engine knock and pings caused by low quality fuel.
- Typical results will increase octane over 20 points or 2 rating numbers.
- Works with all unleaded gasoline, ethanol E10 E15 E85 and racing fuel.
- Use with all fuel injected, direct injected & carbureted street, racing, supercharged and turbo engines.

**Note:** This bottle includes a patent pending nozzle and flow valve which allows it to be easily poured into ALL gas tanks, including capless (no gas cap) systems. This flow valve delays the start of pouring to help prevent liquid from spilling and damaging the vehicle finish like other competitive brands.

**Instructions:** Remove cap by squeezing and turning at the finger tabs and remove foil seal. Gently tip bottle and completely insert spout into gas tank opening, allowing entire contents to empty into tank. Results will be either immediate or noticeable within a few days of driving.

**Dosage:** One bottle is concentrated to treat up to 20 gallons of gasoline. For small engines, use ¼ bottle for every 5 gallons. For larger vehicles, use 1 bottle per 18 gallons of fuel capacity, or 1 oz per 3 gallons.

Safe to use on vehicles with oxygen sensors and catalytic converters. Will not void manufacturer's new vehicle warranty.

<b>Part Number:</b>	4747
<b>UPC Item:</b>	0 78615 04747 5
<b>UPC Case:</b>	1 00 78615 04747 2
<b>Bottle Size:</b>	6 FL OZ (177 mL)
<b>Bottle Dimensions:</b>	1.7 x 1.7 x 8.9
<b>Bottle Cube:</b>	26
<b>Case Pack:</b>	12 bottles per case
<b>Case Size:</b>	7.3 x 5.6 x 9.6
<b>Case Cube:</b>	389
<b>Case Weight:</b>	5.08 pounds
