

PRODUCT DATA SHEET

OIL SUPPLEMENT

Rislone® Hy-per Lube® Oil Supplement is a 100% petroleum oil performance booster that has been formulated with premium base oils and petroleum-extracted additives. Hy-per Lube responds to various and changing demands of all engines, differentials and gear boxes, regardless if old or new. Works with all lubricants including petroleum & synthetic engine oil, ATF and gear oil.

Use in Gasoline & Diesel Cars, Trucks, SUV's, RV's, Semis & Tractors for Automotive, Industrial, Construction, Heavy Duty and Racing.

Heavy duty protection for all driving demands. Making new and high-mileage engines run better and last longer for over 50 years.

Turns petroleum and synthetic oils into a hyper-performance lubricant.

- Extends Engine Life
- Eliminates Dry Starts
- Prevents Oil Breakdown
- Reduces Friction & Wear

Directions:

Add Rislone Hy-per Lube Oil Supplement to your favorite brand of oil anytime, at or between oil changes. Do not overfill.

GASOLINE ENGINES (Cars & Light Trucks)

Replace 1 quart of oil with 1 quart of Hy-per Lube in 4 to 6 quart systems. Larger systems use 20% by volume. (Up to 2 quarts in worn high mileage engines)

DIESEL ENGINES (Light, Medium & Heavy-Duty)

10% by volume

MANUAL TRANSMISSIONS—20% to 40%

DIFFERENTIALS / AXLES— 20% to 40%

GEAR BOXES / TRANSFER CASE— 20% to 40%

ASSEMBLY LUBE— 100%

OTHER APPLICATIONS

For 4-stroke marine & motorcycles ATV (including-wet clutch), small engines (lawn mower type), agricultural, industrial and racing engines—

Add 6 ounces for every quart of capacity.

100% SATISFACTION GUARANTEE:

If you are not completely satisfied with the performance of our product, we will refund the purchase price. Visit www.rislone.com/refunds for details.

OIL SUPPLEMENT

Part #: HPL201

32 FL OZ (946 mL)

OIL SUPPLEMENT

Don't Just Stabilize Your Oil... Improve It 5 Ways with Hy-per Lube

1. Increases Film Strength:

Over 75% of internal wear occurs during the first few seconds of engine startup. Hy-per Lube Oil Supplement leaves a protective film that will not run off on all internal parts including cylinders and gears, providing complete protection against start-up wear.

2. Lowers Temperature:

All lubricants can foam. Foaming restricts the oil's ability to dissipate heat which increases operating temperature leading to premature wear. Hy-per Lubes anti-foam capability reduces foam, helps extend engine life, and lowers operating temperature.

3. Prevents Thermal Breakdown:

High performance additives ensure against viscosity and thermal breakdown. Hy-per Lube's 100% petroleum-based formula provides protection between oil changes and can extend oil life by up to 50%.

4. Reduces Friction:

Friction modifiers increase engine lubrication in new and old engines. Reduced friction extends engine life, provides more power and can increase fuel economy. This is a benefit for new and old engines, and will not void any warranty.

5. Quiets Noise:

Heavy duty extreme pressure additives greatly enhance oils' ability to cushion and absorb mechanical shock. In older, worn, engines Hy-per Lube also increases oil pressure to reduce lifter & valve ticking, knocks and other noises.
