H315 Causes s	
H319 Causes s	serious eye irritation.
 Precautionary 	v statements
P264	Wash skin thoroughly after handling.
P280	Wear protective gloves / eye protection.
P302+P352	IF ON SKIN: Wash with plenty of soap and water.
P305+P351+P3	338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if
	present and easy to do. Continue rinsing.
P332+P313	If skin irritation occurs: Get medical advice/attention.
P362+P364	Take off contaminated clothing and wash it before reuse.
P337+P313	If eye irritation persists: Get medical advice/attention.
· Other hazard	Is There are no other hazards not otherwise classified that have been identified.

3 Composition/information on ingredients

· Chemical characterisation: Mixtures

· Components:

· components:		
	Phosphorodithioic acid, O,O-di-C1-14-alkyl esters, zinc salts	10-30%
EINECS: 272-028-3	🚸 Skin Irrit. 2, H315; Eye Irrit. 2A, H319	
CAS: 128218-63-3	Butenedioic acid (Z)-, dibutyl ester, polymer with 1-hexdecene and 1- tetradecene	<10%
CAS: 61789-86-4	Calcium petroleum sulfonate	<10%
EINECS: 263-093-9	🚯 Skin Sens. 1B, H317	
CAS: 68584-23-6	Benzenesulfonic acid, C10-16-alkyl derivs., calcium salts	<10%
EINECS: 271-529-4		

· Additional information:

Note L: The classification as a carcinogen need not apply if it can be shown that the substance contains less than 3 % DMSO extract as measured by IP 346 'Determination of polycyclic aromatics in unused lubricating base oils and asphaltene free petroleum fractions - Dimethyl sulphoxide extraction refractive index method', Institute of Petroleum, London. This product meets these requirements. For the listed ingredient(s), the identity and/or exact percentages are being withheld as a trade secret.

For the listed ingredient(s), the identity and/or exact percentages are being withheld as a trade secre For the wording of the listed Hazard Statements refer to section 16.

4 First aid measures

Description of first aid measures

• After inhalation: Supply fresh air; consult doctor in case of complaints.

· After skin contact:

Immediately remove any clothing soiled by the product.

Immediately wash with water and soap and rinse thoroughly.

If skin irritation continues, consult a doctor.

· After eye contact:

(Cont'd. on page 3)

according to Australia WHS and NZ HSNO Regulations

Revision: 04.02.2021

Trade name: Rislone® Zinc ZDDP Replacement

(Cont'd. from page 2)

Protect unharmed eye. Remove contact lenses if worn. Rinse opened eye for several minutes under running water. Then consult a doctor. · After swallowing: Rinse out mouth and then drink plenty of water. Do not induce vomiting; call for medical help immediately. · Most important symptoms and effects, both acute and delayed Irritant to skin and mucous membranes. Irritating to eyes. Gastric or intestinal disorders when ingested. Nausea in case of ingestion. · Indication of any immediate medical attention and special treatment needed Treat symptomatically. **5** Firefighting measures · Extinguishing media Suitable extinguishing agents: Foam Carbon dioxide Gaseous extinguishing agents Fire-extinguishing powder · For safety reasons unsuitable extinguishing agents: Water · Special hazards arising from the substance or mixture Formation of toxic gases is possible during heating or in case of fire. · Advice for firefighters · Protective equipment: Wear self-contained respiratory protective device. Wear fully protective suit. 6 Accidental release measures · Personal precautions, protective equipment and emergency procedures

For large spills, use respiratory protective device against the effects of fumes/dust/aerosol. Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Particular danger of slipping on leaked/spilled product. • **Environmental precautions** Avoid release to the environment. Prevent from spreading (e.g. by damming-in or oil barriers).

- Methods and material for containment and cleaning up Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Remove from the water surface (e.g. skim or suck off). Send for recovery or disposal in suitable receptacles.
 Reference to other sections
- See Section 7 for information on safe handling.
- See Section 8 for information on personal protection equipment.
- See Section 13 for disposal information.

according to Australia WHS and NZ HSNO Regulations

Revision: 04.02.2021

Trade name: Rislone® Zinc ZDDP Replacement

(Cont'd. from page 3)

7 Handling and storage

· Handling:

- Precautions for safe handling
- Avoid splashes or spray in enclosed areas. Use only in well ventilated areas. Handle with care.

Avoid contact with the eyes and skin. Avoid breathing mist/vapours/spray. Keep out of reach of children.

· Conditions for safe storage, including any incompatibilities

- **Requirements to be met by storerooms and receptacles:** Avoid storage near extreme heat, ignition sources or open flame. Store in cool, dry conditions in well sealed receptacles.
- **Information about storage in one common storage facility:** Store away from foodstuffs. Store away from oxidising agents.
- Specific end use(s) No further relevant information available.

8 Exposure controls/personal protection

· Control parameters

· Ingredients with limit values that require monitoring at the workplace:

The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.

· Exposure controls

\cdot General protective and hygienic measures:

The usual precautionary measures are to be adhered to when handling chemicals. Keep away from foodstuffs, beverages and feed. Immediately remove all soiled and contaminated clothing. Wash hands before breaks and at the end of work. Avoid contact with the eyes and skin. Avoid breathing mist/vapours/spray.

· Respiratory protection:

Not required under normal conditions of use. Use suitable respiratory protective device when aerosol or mist is formed. For spills, respiratory protection may be advisable.

· Protection of hands:

Protective gloves

The glove material has to be impermeable and resistant to the product/ the substance/ the preparation. • **Eye protection:**

Safety glasses

 Solubility in / Miscibility with 	Not missible on difficult to miss
water:	Not miscible or difficult to mix.
Partition coefficient: n-octanol/water	: Not determined.
· Viscosity	
Dynamic:	Not determined.
Kinematic at 40 °C (104 °F): · Other information	>20.5 mm ² /s
· Other Information	No further relevant information available.

10 Stability and reactivity

· Reactivity No further relevant information available.

(Cont'd. on page 6)

according to Australia WHS and NZ HSNO Regulations

Revision: 04.02.2021

	(Cont'd. from page 5
· Chemical stability Stable under normal temperatures and pressures.	(
Thermal decomposition / conditions to be avoided:	
No decomposition if used and stored according to specifications.	
To avoid thermal decomposition do not overheat.	
 Possibility of hazardous reactions 	
Toxic fumes may be released if heated above the decomposition point.	
Reacts with strong oxidising agents.	
Conditions to avoid Excessive heat.	
Incompatible materials Oxidisers	
Hazardous decomposition products	
Under fire conditions only:	
Carbon monoxide and carbon dioxide	
Hydrocarbons	
Phosphorus oxides (e.g. P2O5)	
Sulphur oxides (SOx)	
Toxic metal oxide smoke

(Cont'd. from page 6)

- · Ecotoxical effects:
- **Remark:** Due to mechanical actions of the product (e.g. agglutinations), damages may occur.
- · Additional ecological information:
- · General notes: Avoid release to the environment.
- · Results of PBT and vPvB assessment
- **PBT:** Not applicable.
- · vPvB: Not applicable.
- · Other adverse effects No further relevant information available.

13 Disposal considerations

· Waste treatment methods

· Recommendation

Contact waste processors for recycling information.

The user of this material has the responsibility to dispose of unused material, residues and containers in compliance with all relevant local, state and federal laws and regulations regarding treatment, storage and disposal for hazardous and nonhazardous wastes.

· Uncleaned packaging:

· Recommendation: Disposal must be made according to official regulations.
