

ISO 9001 CERTIFIED COMPANY

Complete Fuel System Cleaner+

Part #: 4702

16 FL OZ (473 mL)

Complete Fuel System Cleaner+

Rislone 8-in-1 Tune Up Complete Fuel System Cleaner+ improves the quality of gas by increasing its cleaning ability, adding lubrication, removing contaminants, reducing spark knock, and helping to prevent the fuel from going bad. This one bottle contains the same amount of additives equal to a bottle of regular injector & complete fuel system cleaner, upper cylinder lubricant, fuel stabilizer & conditioner, dry gas, gas treatment and octane booster. Simply put, it is the best all in one gasoline fuel additive money can buy.

Works with ALL: Fuel Injected, Port Fuel Injection (PFI), Direct Injected (DI/DIG), Gasoline Turbo Direct Injected (GTDI), Turbocharged and Carbureted Engines.
Use with ALL: Unleaded, Premium, and Ethanol (E10, E15, E85) Flex Fuel Vehicles

Complete Fuel System Cleaner+ increases power, performance and fuel mileage while saving gas by cleaning & lubricating the complete fuel system. Engine dynamometer tests show improved fuel economy.

Helps eliminate noisy injectors & fuel pumps, rough idle, hard starting and hesitation. Regular use provides reduced fuel system and emission control repairs.

Will not void manufacturer's new vehicle warranty and safe to use on vehicles which have oxygen sensors and catalytic converters. Exceeds EPA compliance performance criteria.

- 8 ADDITIVES IN 1:**
- Injector Cleaner*
 - Upper Cylinder Lube*
 - Octane Booster*
 - Combustion Cleaner*
 - Water Remover*
 - Ethanol Conditioner*
 - Fuel Stabilizer*
 - Gas Treatment*

- USE WITH ALL :**
- Fuel Injected*
 - Direct Injection*
 - Turbo / GTDI*
 - Carbureted*
 - Unleaded*
 - Premium*
 - Ethanol / Flex Fuel*
 - E10 E15 E85*

ISO 9001 CERTIFIED COMPANY

Complete Fuel System Cleaner+

TECHNICAL:

- Upper Cylinder Lubricant (UCL) Top-Lube reduces friction and wear and improves fuel economy.
- Water Remover Gas Dryer removes free water in gas tank helping to prevent gas line freeze-ups in the winter, and moisture related corrosion year round. This also works to reduce emissions and inhibits bacterial growth in gas tanks.
- Fuel Stabilizer and Triple Corrosion Protection inhibits oxidation, gum, varnish, and corrosion, helping gasoline resist breakdown improving stability. Provides A-rating corrosion protection.
- Gas Treatment Additives provide maximized power and acceleration, optimized fuel economy and excellent performance in gasoline engines.
- Octane Booster raises the Octane number of gasoline and Octane Requirement Increase (ORI) reduces spark knock, misfires, and emissions.
- Increased power, performance, mileage and saves gas by cleaning & lubricating the complete fuel system. Engine dynamometer tests show improved fuel economy.
- Helps eliminate noisy injectors & fuel pumps, rough idle, hard starting and hesitation. Regular use provides reduced fuel system and emission control repairs.

NOTE: Works in all gasoline tanks, including capless systems.

INSTRUCTIONS:

Pour into gas tank per the suggested dosage below. For continued protection and cleaning, use every 3,000 miles or sooner if performance decreases. Results will either be immediate, or noticeable within 100 miles of driving.

Car or Small to Mid-Size SUV

10 to 21 gallon tank use one bottle to full tank

Light Truck or Large SUV

16 to 23 gallon tank use one bottle to full tank

24 to 36 gallon tank use one bottle to approximately 1/2 tank

Small Engines/Motorcycles/Marine

(2-Stroke and 4-Stroke engines)

1 to 4 gallons use approximately 1/4 bottle

5 to 9 gallons use approximately 1/2 bottle
